The Honorable Arnold Schwarzenegger, Governor
State of California
State Capitol Building, First Floor
Sacramento, CA 95814

RE: SB 1 (Murray) Electricity; renewable energy resources: California Solar Initiative – SUPPORT – REQUEST FOR SIGNATURE

Dear Governor Schwarzenegger,

The Yolo County Board of Supervisors requests your signature on SB 1 (Murray) regarding the California Solar Initiative.

SB 1 would establish the Million Solar Roofs Initiative (MSRI), the goal of which is to place one million solar energy systems, or the equivalent 3,000 megawatts (MW) of capacity, on new or existing residential and commercial buildings by 2018.

Solar power will benefit all Californians because of its ability to meet peak demand. Solar power is most abundant at the times of the year when the weather is hot and demand for electricity is highest and consequently costliest. Installing solar power will lead to lower rates for all electricity users. These solar panels will replace the need to procure power from the most expensive power plants that only operate at times of peak demand.

For these reasons, the Yolo County Board of Supervisors supports SB 1 and respectfully requests your signature on the measure.

Sincerely,

Paul J Yoder
Legislative Advocate

cc: Senator Kevin Murray
